## HALL OPENED ON TUESDAY

The silver tea given by the Brownie Association at the formal opening of the Guide and Scout Hall proved most successful. The candy, fancy work and novelty stalls did a brisk business all afternoon. The "Rabbit Hole" was very effective, it being a mound of moss with rabbits peeping out of their holes, and one large hole in the centre which was unguarded and contained the surprise packets. The long tea table was prettily decorated with yellow and green crepe paper, and vases of daffodils and violets, and was presided over by Mrs. Grasse and Mrs. D. T. Watson. The hall was decorated with flags and ferns, which gave it quite a spring-like appearance.

In the unavoidable absence of Squire Ravenhill, Mr. Victor Goddard, on behalf of the Scouts and Cubs, spoke a few words. Mrs. Gale, district commissioner, before declaring the sale open, said it was a very proud and happy moment to formally open the new Guide and Scout Hall, which had meant a lot of hard work and sacrifice, but would be of great benefit to the girls and boys.

Mrs. Gale then presented service stars to two Guides and one Brownie, first class badges to four Brownies, domestic service badges to four Guides and home-maker's badge to one Guide.

Rev. Hughes then spoke, saying that he was most interested in the Guide and Scout movements, and wished them every success in any of their undertakings.

Miss Stone, the matron of the Mill Bay Solarium, then gave a most interesting talk on the work of the institution, with a brief outline on the steady progress which is being made with the patients and the improvements to the buildings and grounds since the start of the Solarium. She thanked the people for the great interest taken in the Solarium and extended an invitation to all over 18 years of age to visit them and see for themselves the work that is going on there.

The Brownie Association wishes to thank everyone who helped to make the afternoon such a success. The winning ticket for the Brownie quilt was No. 14 and the holder may procure same by phoning Mrs. Mounce at 37.

## Sale Was Success

The sale and tea held by the Women's Guild of St. Andrew's Church last night in the Sidney Trading Co's hall, was a very successful one.

The many different varieties of plants, flowers and shrubs were easily disposed of under the hands of Mrs. Harrison and Mrs. Philip. A home-cooking stall with Mrs. Hughes, Mrs. Ward, Mrs. White, Mrs. King and Mrs. Wasserman in charge, proved a popular part of the sale, also the candy stall, which was in the hands of Mrs. J. Gilman and Miss Lander. At the rear of the store a silver tea was served, presided over by Mrs. S. Roberts, Mrs. E. McKenzie and Mrs. J. Mitchell. The members of the Guild are pleased to say that the sale brought forth most excellent results, even surpassing their previous success of a year ago.

## Sale of Work and Social

By Review Representative  
GANGES, March 24. — On Tuesday last the Ladies' Aid held a sale of work and a social afternoon at Ganges House, the home of Mrs. J. Mount, kindly lent by her for the occasion. The satisfactory sum of \$21 was cleared. The ever-popular stall "Pick and Take" was presided over by Mrs. W. Norton; Mrs. A. P. Robertson being in charge of the home-made candy stall, Mrs. Parsons the needle-work, Mrs. H. Nobbs the home-cooking, while Mrs. W. M. Mount, Mrs. A. Blumcourt and others managed the teas.

## Catholic Social

The Catholic Ladies of South Saanich are holding their sixth annual military 500 and social in the "Agricultural" Hall, Saanichton, on Tuesday next, April 2nd. Many fine prizes are being offered to the winners, also special prizes and tombolas for the holders of lucky tickets. Arrangements are now completed, and a jolly time is promised anyone attending.

Readers interested in developing their own business are urged to make known their views through the Review. Come, let's get the big idea.

## Miss Griffin to Wed

The engagement is announced of Miss Audrey Griffin, daughter of Mr. and Mrs. C. R. Griffin, of Victoria, to John Russell Kieran, son of E. J. Kieran, Glendale Ranch, Midnapore, Alberta, the wedding to take place at an early date.

This will be interesting news to readers of the Review, especially in the North Saanich area, who have had the pleasure of witnessing exhibitions of swimming put on by Miss Griffin from year to year at the Sidney Board of Trade's annual Water Gala at the foot of Second Street, at the Ferry Wharf beach. Miss Griffin will have the good wishes of this entire district in her new sphere of life.

## SHOWER FOR BRIDE-ELECT

Miss Anne Enos was the guest of honor on Friday evening when Mrs. J. Rankin and Miss Dorothy Gilman were joint hostesses at a delightful miscellaneous shower at the former's home on Third Street. The time passed pleasantly at games and other amusements, provided by the hostess, and an interesting flower competition resulted in the prize being presented to Mrs. A. Williamson and the consolation to Miss V. Munt. Miss Enos was greatly surprised and pleased when a huge hot cross bun was presented to her and on opening it she found it to contain many dainty and useful gifts for which she expressed her thanks. Refreshments were served in the prettily decorated dining-room and after good wishes had been expressed to the bride-elect the merry party was brought to a close.

The invited guests included Mrs. Enos and Misses Anne and Mary Enos, Mrs. H. A. McKillican, Mrs. J. E. McNeil, Mrs. A. Rankin, Mrs. Corfield, Mrs. A. W. Hollands, Mrs. G. Neaves, Mrs. Thompson, Mrs. Bowcott, Mrs. J. Gilman, Mrs. H. J. McIntyre, Mrs. A. Williamson, Mrs. W. McAdams, Mrs. W. Steele, Mrs. Ward, Mrs. Rowbottom, Mrs. Brock (Victoria), Mrs. Holmes and Miss Agnes Holmes, and Misses Rose Reid, Ethel Rowbottom, Merna Lane and V. Munt.

Copeland & Wright have no less than nine boats on their ways at present and are looking for more. Plans are underway to enlarge their plant.

## Opportunities in Sidney and North Saanich

The Review is endeavoring to aid in the building up of this district and with the co-operation of the Sidney Board of Trade and Local Boosters will draw attention to different industries and agricultural undertakings that have a reasonable chance of success if proceeded with in a careful, systematic manner. Information is being gathered regarding different lines of endeavor and taken care of by the Secretary of the Sidney Board of Trade. Anyone interested may have access to this information. If you're interested in any particular line of manufacture or agricultural pursuit write the Sidney Board of Trade. If any of our interested readers can suggest some line of endeavor that has a good chance of success by locating in Sidney or district the Review will give due space to set forth the proposition. The district believes that if we cultivate an optimistic outlook and all pull together to the mutual benefit of everyone in this area Sidney and North Saanich will develop by leaps and bounds. Let's try it!

## AN IDEALISTIC BOOSTER'S VIEWS

The last letter by the Local Booster No. 1, re the growing of bulbs is the only one the subject matter of which really interested me. He surely knows his bulbs — not to say his onions.

The whole bulb world knows we grow the best in that line it is possible to grow.

We who are here can take advantage of this opportunity or can leave it to "outsiders."

Personally such outsiders I would gladly welcome even tho' it is only from mercenary motive they join us; and for this reason would I welcome them; it is a step we need to take in the fulfillment of our destiny.

And here I differ from you, Mr. Editor, as to the end and aim of that destiny. It is not industries we want, but its very antithesis. Your Local Booster asks: what would a group of real go-getter Americans do with a country like Vancouver Island?

I don't know; but do something they surely would. If they were one kind of American they would make of this country the veritable Garden of Eden of which we are always talking.

This Garden of Eden would be an objective to such people. Its attainment would help in the accumulation of dollars, but why should we care who makes the dollars providing no permanent injury is done in the making.

You know, Mr. Editor, I am not enjoying the writing of this. My materialistic friends might well, and will, ask what we are to do without industries. Really I am not here to answer that, and can only say indeed that industries, as I know them, (Continued on Page Two)

## Whist at Ganges

By Review Representative  
GANGES, March 28. — On Friday evening Dr. Sutherland entertained about 30 guests to a very delightful and novel whist drive at her home at Ganges. Seven tables took part in the game which was very much enjoyed by all present. Among the guests were Mr. and Mrs. L. F. C. Chaplin, Mr. Oswald, Mr. and Mrs. T. Burkitt, Mr. and Mrs. S. W. Hoole, Miss Harding, Mr. and Mrs. S. P. Beech, Mr. and Mrs. A. J. Eaton, Mrs. T. M. Jackson, Mrs. Arthur Ellet, Mr. H. W. Bullock, Major and Mrs. F. C. Turner, Mr. and Mrs. Edward Walter, Mr. and Mrs. J. J. Shaw, Mrs. Price (senior), Mr. Harold Price, Miss Joan Hardy, Mr. and Mrs. Frank Crofton, Mrs. J. C. Kingsbury, Mr. and Mrs. Jack James.

## ISLANDS WILL ENJOY SHOW

On the stage this week is the Coyne Musical Comedy Company with a crisp selection of the best musical comedy and dancing acts from their nonstop revue, "Keep Moving." In Sydney Burl, hailing from the London Coliseum, they possess a comedian and eccentric dancer who is likely to be a big favorite with Victoria audiences. Paula Loraine is the soubrette, Joan Carlin is a talented mezzo-soprano, and Roy Shully is the light comedian and dancer of the company, while in Joyce Mason they have not only a graceful dancer but an extraordinary funny comedienne. Fred Coyne himself writes and directs the sketches and interludes, which are quite a feature, and the music is in the capable hands of Winifred Vyvyan.

The above paragraph, taken from the Daily Colonist, speaks of show company that played at the Capitol in Victoria and will play Fulford Harbour tonight, 28th; Ganges, Friday, March 29th; Mayne Island, Saturday, March 30th.

## Silver Tea

The Canadian Girls-in-Training are putting on a silver tea in Wesley Hall on Tuesday next, April 2nd, commencing at 3 o'clock and continuing till 5 o'clock. The girls are working hard to make this affair a success and hope to see a large crowd of interested parents and friends on that date.

## Y.P.S. MEETING HELD TUESDAY

The last of the weekly meetings of the Young People's Society was held on Tuesday evening, Ernest Jackson conducting the opening services, followed by Rev. Lees' talk on the Book of Jeremiah. The usual routine matters were disposed of and final arrangements made for the trip to Ladysmith to the annual Young People's Rally, on Good Friday. Cars will leave Wesley Hall in time to meet the bus at 7 o'clock at the South Saanich Church, leaving for Ladysmith at 7.30 from the Mill Bay Ferry. Arrangements were made for refreshments to be taken for dinner, supper being provided for. The program for Aged Folks Homes was discussed and next Tuesday is to be given over entirely to practice. The business meeting adjourned after which Mr. Pralick gave a most interesting and instructive address on "Migration," starting from the days of the creation to the present day, following it up from a map of the world.

Don't forget to be on time on Friday and bring a smile!

## FATHER AND SON BANQUET

Preparations are being made to seat over 140 at the annual Father and Son banquet to be held in Wesley Hall tonight (Thursday) at 6.45 sharp, and any boy between the ages of 12 to 18 inclusive who has not received a personal invitation has by some mistake been overlooked and is cordially invited to attend and bring his father, in such a case please get in touch with Rev. Lees, or Mr. Hall. Mr. Ira Dilworth, of the Victoria High School, is to give an address to the fathers and sons. Mr. Shoemaker of the Y.M.C.A., of Victoria, is going to lead in the sing-song and a most interesting event of the evening will be an exhibition of black magic by Mr. Harkness. Come boys and dads and see what it's all about.

## Get-Together Bridge

The Get-Together Bridge Club met on Tuesday at the home of Mrs. Patterson, Deep Cove. A very enjoyable afternoon was spent and after 14 hands the prizes went to: Mrs. Charlebois, first; Mrs. A. Critchley, second; Mrs. A. Gansbury, consolation, and the tombola to Mrs. E. L. Ricketts. The next meeting will be held at the home of Mrs. Toomer when Mrs. J. Readings will be hostess. Members are requested to be on hand promptly at 2 p.m.

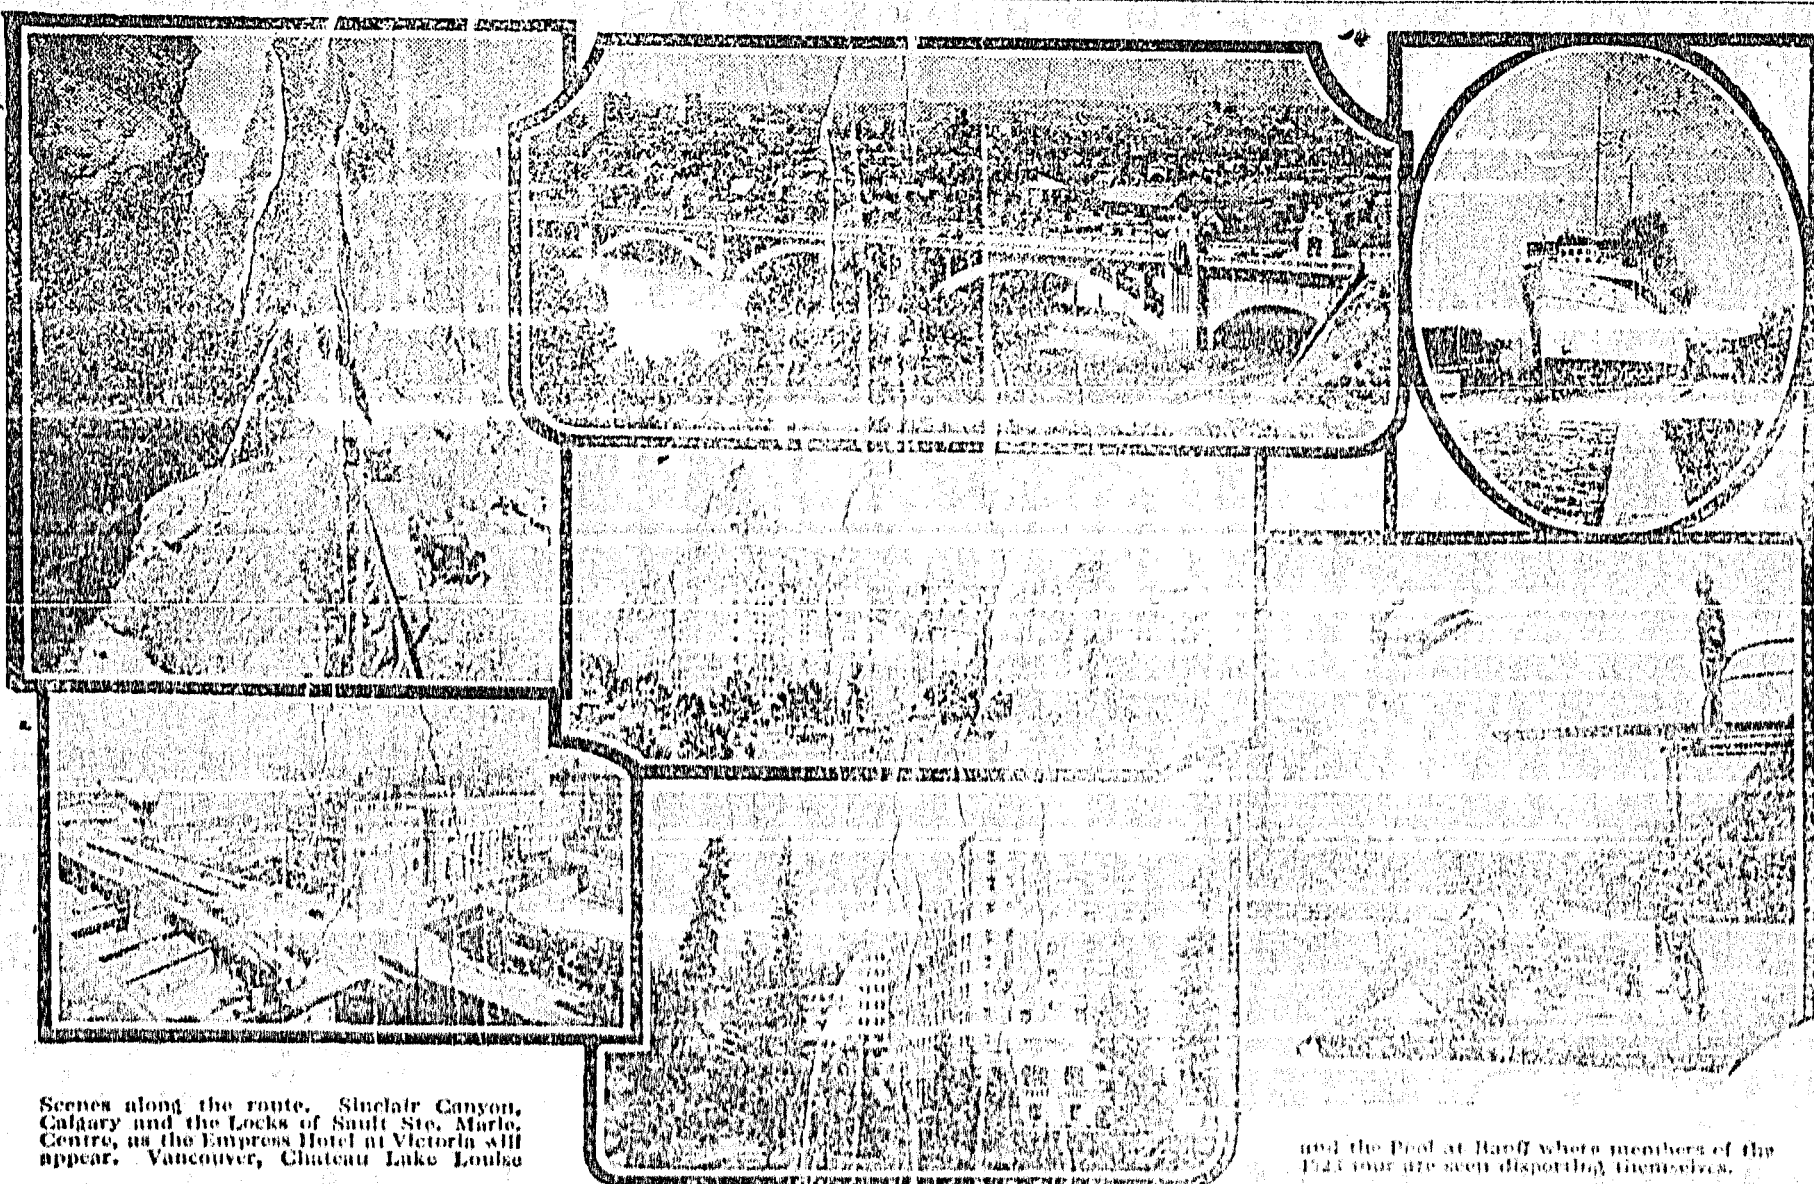

## Pender Parent-Teacher Meeting Held Tuesday

By Review Representative  
PENDER ISLAND, March 28. — The regular monthly meeting of the Parent-Teacher Association was held on Tuesday evening at the home of Mr. and Mrs. R. S. W. Corbett. There was a good attendance of members and the president occupied the chair. After the usual presentation of minutes and reports a number of important matters were taken into consideration, including the possibility of securing an illustrated lecture for the next meeting. Mr. R. S. W. Corbett then gave a very fine address on the importance of the moral growth of the child, and received a hearty vote of thanks. The remainder of the evening was spent in a social way, the hostess kindly serving tea at the close.

## EASTER IN THE UNITED CHURCH

Easter will be observed in the United Churches at South Saanich and Sidney on Sunday next. Special Easter music will be rendered at each service and the grand old Easter hymns which thrill the soul sung by the congregations. The preacher's general message will be "The Triumph of Easter," Christianity's message on the three "D's" of human experience: Despair, Death and the Devil. The annual Easter communion service will be held after each service, to which all followers of Christ are invited.

Easter is the most important festival of the Christian year and its triumphant note makes a special appeal to needy human nature. Come to church on Sunday and receive Easter's inspiration for your life.

Scenes along the route. Sinclair Canyon, Ganges and the Locks of Saint Ste. Marie, Centre, on the Empress Road at Victoria still appear. Vancouver, Chateau Lake Louise

and the Boat at Harf where members of the P.T.A. are seen disposing themselves.

Dean Sinclair Laird of Macdonald College, St. Anne de Bellevue is better known as an educationist than a philanthropist, but he is really both. Some years ago he made a tour of the Canadian west. His time was more or less limited and in planning his literary he was obliged to miss several points he considered most while and to spend more time than he thought necessary in places less interesting. While he made up his mind that this condition should not occur again.

His journey, "The beauty and wonder of the Canadian west" deeply impressed him and he returned, as he says, with a more sympathetic understanding of the western people and problems and more thoroughly convinced that the education of a Canadian cannot begin until he has seen his own country.

It was his idea that if a tour could be organized at reasonable cost, to cover all the important cities and resorts west of Toronto, and the participants were assured of relief from all the worries of travel arrangements, that such a tour would be of great benefit.

Thus the first "Dean Laird Special" came into existence and

this year, for the sixth time, and in conjunction with the Canadian Pacific Railway the Dean is again organizing a de luxe all-Canadian tour which for a student summer tour affords the maximum of enjoyment and variety of scene and recreation that can be provided in three summer weeks.

Each year goes over much of the same ground, but he now knows the high spots in western travel, and by carrying on year after year he feels that he is making his contribution towards a greater and more united Canada. Altogether, Mr. Laird has piloted some fifteen

hundred people through the great cities and scenes which lie between Montreal and Victoria, from Lake Louise, Winnipeg, Edmonton, Vancouver, over a diversified route. He has found that while the travellers appreciate having a special train as a base and have, they appreciate the Great Lakes and the St. Lawrence River, to take the steamships and the motor cars are very generously used by him.

The Dean is doing a great work and the only qualifications he demands from applicants or members in his tour are companionship and the capacity for enjoyment.

### BEING ALERT TO OUR NEEDS

Activity for community good must be continuous in order that Sidney may attain its desired ends. All citizens are at times interested in something pertaining to the community. Some citizens are interested, perhaps, in a few community matters at all times. The real booster is the fellow who at all times is interested in all things for community betterment.

He need not have merely those projects in mind that directly affect his pocketbook to be actively alert in local affairs. He realizes that the success of the whole community is his individual success. Likewise he makes his individual success reach out in good uses for the entire community.

It is an old saying that you can always get a crowd out when people are against something. The rule probably works as well when people are for something. But the ideal sort of community is one where folks turn out for community welfare whether they are for or against, merely to help out in whatever is found to be for the best. This kind of an attitude may be construed as alertness to our needs. Sidney is blessed with many of the latter kind, and all should wish more power to them and greater success in their efforts. More than that, the rest of us should join them.

### THE CAUSE OF UNEMPLOYMENT

Some men loaf for the lack of learning; some for the lack of tools; others for the lack of employment, but most men because they love it.

Prosperity depends upon production. When industry is not "turning out the goods," it's only a short time before the workmen are being turned out.

Every man who wants work gets it! The trouble is simply this: Most people are too proud to do what they can and too dumb to do what they want!

### HOME TOWN LOYALTY

At a time when Sidney is passing through a slight business depression, there is a personal responsibility that devolves on every citizen. This is the time to "root" loudest and longest for Sidney. If you go a-visiting to Vancouver or Victoria where the changing laws of commerce and wealth happen to be showering their golden blessings, don't be an anti-Sidneyite. Not long ago we heard a man refer to his home town on the prairie as "Nothing but a getting off place, a tank town where there's nothing doing." If there is "nothing doing" you can be jolly well certain that that particular type of citizen has never raised a finger towards his town's progress. Praise be, there are plenty of Sidney men and women who still believe in Sidney and its future, and who are willing to sacrifice, work and risk a great deal not only to bring the town back to its former state of prosperity, but to place it within the next few years in the very front rank of growing and progressive British Columbia citizens.

### ONE PROOF THAT COURTESY PAYS

Eight years ago a group of Boy Scouts on the road treated George C. Hawley of Albany with such courtesy that it made an indelible impression on his mind. As a result of that incident he has now left a \$300,000 trust fund for the purpose of aiding and extending the organization.

There is a moral in this for men as well as boys. It is a proof that courtesy pays. It might be added that it pays in more ways than one.

It gives the person who exercises it a sense of satisfaction that is worth more than money.

We understand that the Memorial Park is to be fixed up considerably in the near future and everyone should assist as much as possible to make this park a place of beauty and admiration. With everyone co-operating there is no reason why this matter cannot be successfully carried through.

### AN IDEALISTIC BOOSTER'S VIEWS

(Continued from Page One)

are not essential to my own well-being, or to my enjoyment of life.

It would, however, be pertinent to ask what we can make of this district without industries.

Well! We are living in the finest country on earth—or so we assert about every other day through the columns of our newspapers.

Why not capitalize this, and help to make here a country of beautiful homes?

Every year thousands of worthy people retire from business and seek a pleasant home; not, by the way, that they are leaving a particularly unpleasant home, but we are a bunch of uneasy blighters, only knowing we are not satisfied where we are and are looking for something better.

Let us show these people something better and cater to them as tourists.

Believe me, they will come back, but not to Sidney if we don't watch out.

Now I wish to say with no bitterness; with all humility, and with the love I must have for the place in which I live: Sidney is a hell of a place.

I know the "Black" country of the Midlands in England, I know parts of Durham, Yorkshire, and my own county of Lancashire—horrible examples of civilization—but must say that I have never seen anything that gave me such a wallopp as I get from a view of Sidney from the Experimental Farm hill.

It must be the contrast with the surrounding country, for it is not so bad as a stranger might think, reading this. Let us however not forget that Jesus said "Man can not live by bread alone."

The woman in Hood's poem proved she was the sister of Jesus when she cried:

Oh God! that bread should be so dear  
And flesh and blood so cheap!

What are we going to do about it? While confessing myself an out-and-out idealist, I must subscribe myself as

Local Booster No. 4.

Only choice leaves grown at high altitudes go into the blending of Blue Ribbon Tea. That is why its flavour is so uniformly excellent. Insist upon getting it from your grocer—refuse substitutes of inferior quality.

### PLAYING ON THE HIGHWAY

To the Editor:

Sir—I beg to bring to the attention of the parents of many of the boys of North Saanich a dangerous game carried on by many of them on the East Saanich Road in the vicinity of the Experimental Farm, Bazan Bay Road, and also on Beacon Ave. in Sidney. This is roller hockey. The fact that North Saanich is not situated in a congested city, but in the country, does not call for children playing on the streets. This game of playing hockey on roller skates is dangerous, both for the participant and the driver of autos. Only last Saturday, near the Bazan Bay Road, a youth fell on the roadway about 50 feet in front of my car, and crawled to the side of the road on hands and knees. Prevention is better than cure.

R. N. MacAULAY.

### TIT-BITS from the NORTH SAANICH SERVICE CLUB

On Saturday evening the North Saanich Service Club held their usual Saturday social evening which was attended by a jolly crowd of members and guests.

Progressive 500 was played at 15 tables and the prizes were won by Miss Anne Lorenzen and Mr. Baker.

After the refreshments had been served dancing was indulged in for the remainder of the evening.

### CRIBBAGE GAME

The final cribbage game between the Deep Cove and North Saanich Service Club teams will be held at the Deep Cove Social Club on Wednesday, April 3rd. The scores so far are: Deep Cove Cyclones, 6,083; North Saanich Service Club Go-Get-Thems, 6,046.

### MAYNE

### A "thank you" accompanied the payment of the bill

Paying her telephone bill on February 18, last, a Cobble Hill lady took the opportunity to express her satisfaction with the telephone service she had been receiving.

The subscriber concluded the letter, in which the amount due was enclosed, by thanking the telephone company "for kind and attentive service."

Somehow, paying a bill is not the most pleasant duty in the world, and when the act is accompanied by an expression of appreciation it can be regarded as a high tribute, indeed.

## Mid-Winter Golf Tourney at Victoria, B.C.

These photographs were taken on the beautiful Colwood Golf Course, Victoria, B.C., where the first Empress Hotel mid-winter golf tournament for the E. W. Beatty challenge trophy, will be held during the week of February 18. These pictures, taken on the 21st of January, give some idea of the summery aspect of Victoria's mid-winter weather. The hard-wood foliage is shed in the fall as elsewhere, but there is a wealth of evergreen at Victoria to make the fairways attractive and at no time during the winter is there sufficient moisture to spoil a round or to ruin the greens if played over.

## Ste. Petronille

Jack Strathdee, the very able winter sports director at the Chateau Frontenac, his friends will be pleased to learn, is losing weight. Jack runs a summer camp at French River in the fishing season and he took his present job for the reason that he wanted to rest and draw a salary at the same time. When he has time to reflect, and this is seldom, he longs for the easy job of operating a camp and handling a crowd of Indian guides. He finds no rest; for during every daylight hour there is something doing on the ski-hill, on the rink, on the slide, and a hundred people to provide with sports equipment and direction. But he keeps fit as they all do. The air is bracing and invigorating and there is lots of fun.

In the group above one sees the director assisting Their Excellencies Lord and Lady Willington who have just come down the slide for the third time. The other group perhaps explains why he finds so much pleasure in his work and why he has taken up skiing again. There is also a picture of his rink which shows how the slide in the background drops down steeply from the citadel.

But take the other picture. This will show you Jack Strathdee's most recent discovery. Beyond the dome and the "Catalpa" is a field of frozen ice. Beyond that the lake of Orleans. Is a shadowy form. Now to the left of the island, just above the camp, a great stupa and a cluster of crystal and opaque ice hurled themselves in a mass, east reefs of glistening pinnacles to the sky in one glorious chaos and screeching, growlingly settled down. Then the mayor of St. Gregoire and the mayor of Ste-Petronille set out, each armed with a small spruce cutting. They met somewhere in the centre of the river, solemnly shook hands, and the ice bridge was declared open. It was after that, that the sports director drove over and discovered Ste-Petronille with its old slopes and toboggan and snowshoe prospects, and also the "Catalpa". The "Catalpa" has a rubble-stone fire place of catalpa about the floor and an window drapes, the oddest old furniture and quaint bed-rooms and above all a splendid cuisine. It is less than one hour from Quebec and is hailed as a great discovery.
